Re: Opportunity to Develop Accessibility Referral Network – Request For Information

Indiana Housing & Community Development Authority (IHCDA) and the Back Home in Indiana Alliance are conducting a voluntary survey to measure the number, features and cost of accessible units among IHCDA's multifamily properties (including RHTC, HOME, CDBG, and Development Fund). This information will be used to determine where there is a need for accessible housing, and also to help establish a referral network for your property. This network will be able to connect you with potential clients for your accessible units and will also have connections to services your clients may desire.

We appreciate your participation in our survey. The information you provide will be valuable to the citizens of Indiana with disabilities.

Please complete the short survey by clicking [HERE](#).

As a special incentive, IHCDA will enter each property that completes the survey into a drawing for a free registration to a 2012 "Understanding Qualifying Households" compliance training. Ten (10) free registrations will be awarded.

The deadline to complete the survey is August 16, 2011.
